PROVISIONAL ELECTION

COMMISSIONER FOR PATENTS  
ALEXANDRIA, VIRGINIA 22313

SIR:

In response to the Restriction/Election Requirement dated March 4, 2004, Applicants provisionally elect, without traverse, Claims 1-3, 6, and 7 (Species C, directed to Figures 28 and 29) for examination on the merits in the present Application. Applicants make this election based on the understanding that Applicants are not prejudiced against filing one or more divisional applications that cover the non-elected claims.

In addition, Applicants respectfully traverse the outstanding Restriction Requirement, since it has not been established that an undue burden would be required if the Restriction Requirement was not issued and if all the claims were examined together. More particularly, MPEP §803 states:

If the search and examination of an entire application can be made without serious burden, the Examiner must examine it on the merits, even though it includes claims to independent or distinct inventions.

In the present application, no undue burden has been established if all of the claims were examined together. In contrast, the present restriction requirement subjects the Applicants to the added financial burden of prosecuting the claims in eleven separate proceedings.

Accordingly, it is respectfully requested that the requirement to elect a single group be withdrawn, and that a full examination on the merits of Claims 1-19 be conducted.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,  
MAIER & NEUSTADT, P.C.
